

## REMARKS

Applicant has canceled claims 1-6 without prejudice, added new claims 7-13 which are the inventions of claims 1-6 rewritten, amended the drawings and amended the specification by way of a substitute specification. Applicant respectfully submits that these amendments to the drawings, specification, and claims are supported by the application as originally filed and do not contain any new matter. Accordingly, the Office Action will be discussed in terms of the drawings, specification, and claims as amended.

The Examiner has objected to claims 1-6 and pointed out certain informalities. In view of the amended claims, Applicant respectfully submits that new claims 7-13 are not objectionable.

The Examiner has objected to the drawings stating that they do not show each and every element of the claims and Fig. 13 should be designated as prior art.

Applicant has added new Fig. 11 and amended the claims to show all elements of the claimed invention, amended Fig. 13 to include the legend "Prior Art" and renumbered Figs. 11-13 as Figs. 12-14. In addition, Applicant has amended Fig. 2 to clearly describe the M-array mechanism, Fig. 9 to change from upper case S to lower case s to comply with the description, and the specification and has submitted a substitute specification to reflect the amendments to the drawings. Accordingly, Applicant respectfully submits that the drawings are not now objectionable.

The Examiner has further rejected claims 1-6 under 35 USC 112, second paragraph. In view of the amendments to the claims, Applicant respectfully submits that new claims 7-13 comply with the requirements of 35 USC 112, second paragraph.

The Examiner has indicated that claims 1-6 contain allowable subject matter. Applicant respectfully submits that this allowable subject matter is contained in new claims 7-13 and therefore new claims 7-13 should be allowable. If, however, the Examiner believes that claims 7-13 still require additional amendments in order to put them in condition for allowance, it is respectfully requested that the Examiner call the undersigned.

Applicant further respectfully and retroactively requests a two-month extension of time so as to respond to the Office Action. Please charge Deposit Account No. 11-1445 in the sum of \$450 as the fee.

In view of the above, therefore, it is respectfully requested that this Amendment be entered, favorably considered, and the case passed to issue.

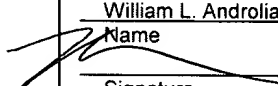

Please charge any additional costs incurred by in order to implement this Amendment or required by any requests for extensions of time to KODA & ANDROLIA DEPOSIT ACCOUNT NO. 11-1445.

Respectfully submitted,

KODA & ANDROLIA
